## Skill Development Training Program on Health Management in Freshwater Fish Culture 1-7 December 2017

### TRAINING REPORT

#### Skill Development Programme on Health Management in Freshwater Fish Culture (1-7 December, 2017)

ICAR-CIFE, Mumbai organized a Skill Development Program (SDP) on Health Management in Freshwater Fish Culture from 1<sup>st</sup> to 7<sup>th</sup> December, 2017. The Training programme was jointly organized by Aquatic Environment & Health Management Division and Division of Aquaculture. Participants' belonging to four states were imparted training in various aspects of health management related to freshwater fish culture. Theory lectures were supplemented by practical demonstrations. A bilingual training manual was prepared in English and Hindi to cater to the specific needs of participants and prospective stakeholders.
