

Visit Coordination

ICAR-Central Institute of Fisheries Education (CIFE), Mumbai, play a pivotal role in engaging with diverse stakeholders in the fisheries sector. In the current year, the institute welcomed over 2,200+ visitors, including students and faculty from various educational institutes.

These visits are a key component of ICAR-CIFE's extension and outreach initiatives, offering participants the opportunity to tour state-of-the-art laboratories different divisions, and library and interact with researchers, and gain insights into the potential and opportunities within the fisheries and aquaculture sector.

The Fisheries Economics, Extension and Statistics (FEES) Division of ICAR-CIFE coordinated a total of 45 visits this year. These were conducted under the leadership of Dr. N.P. Sahu, Director, ICAR-CIFE with strong support from the Heads of Divisions, institute staff, students and contract staff.

The visitor data demonstrates wide national participation, covering all major regions of India. Students and faculty attended from Eastern India, including West Bengal and Odisha; Northern India, including Rajasthan, Uttar Pradesh, Uttarakhand, and Jammu & Kashmir; as well as the North-Eastern region, represented by Meghalaya. Participation from Western India was also significant, particularly from Maharashtra and Gujarat, while Southern India recorded the highest representation, with numerous institutions from Tamil Nadu, Kerala, and Karnataka. This broad geographic distribution highlights the program's extensive outreach, successfully engaging academic communities across the country, fostering diverse regional representation and collaboration, and reflecting CIFE's national outreach and influence.

A total of **45 organisations** visited ICAR-CIFE, bringing in **2,211** students and faculty visitors. Of these, **1,044 were male** and **1,167 were female**. The strong turnout highlights active engagement and widespread interest across diverse groups.

An online feedback system has been developed to systematically collect responses from participants. The system ensures transparency, improves documentation, and helps in analysing the feedback effectively. The insights received through this platform will support planning and enhancement of future programmes.
